

Gateways retreats provide an opportunity to experience a taste of your Jewish heritage in a relaxed, non-judgmental environment that is educational, social and fun.

At each retreat, families, singles, couples and students of all ages with little or no formal background in traditional Jewish study come together to laugh, learn and experience an entirely new perspective on their Judaism.

Visit www.gatewaysonline.com for information about Gateways classes and retreats and www.asktherabbi.org the 24 hour a day resource for all your Jewish questions.
